

# TYPE HOEKL050

## Dimensions

## Details

Rounded top edge

Groove for joining strip

Element connection

### Technical details

Concrete quality	C60/75 (self-compacting high strength concrete)
Reinforcement steel	B500
Weight	655kg (L = 1995x1995mm) 310kg (L = 995x995mm)
Concrete cover	30mm
Dimensional tolerance	+/- 5mm
Concrete surface finish	All visible sides class A (B1 on request)
Design life	50 years
Product warranty	10 years
Environmental class	XA3, XC4, XD3, XS3, XF4
Hoisting device	None, to be placed with clamp

### Constructed according to

EN 1990 Eurocode 0	EN 206-1
EN 1991 Eurocode 1	Incl. national addendums
EN 1992 Eurocode 2	
EN 1997 Eurocode 7	

### Produced method

Energy neutral

Filtered rainwater

Sustainable raw materials

Recyclable materials

### Certification
